Thanks Ken. Cynthia and I spoke and authorized this. Ken will travel with a CID agent but the agent will not be part of the meeting. Ken is working with Tyler on the scripting.

Mr Fisher,

I am writing you on behalf of the Fortymile mining district.

We would like for the EPA to come to Chicken Alaska on September 14, for a noon meeting to explain EPA actions in our district mid August of this year.

Thank you,

David Likins

Chairman of the Federal over site committee
Fortymile Mining District, Alaska
